About Our Board

COORDINARE is led by a skills-based Board which sets the strategic direction and implementation of our strategic priorities. Members bring expertise and governance in general practice, aged care, health care and health systems; mental health, governance, finance, aboriginal health and private health insurance.

Our Board provides a unique blend of both private and public perspectives, and innovative thinking to govern and guide our organisation. [Meet the COORDINARE Board here.](#)

Role of COORDINARE's Community Advisory Committees

The role of the COORDINARE's Community Advisory Committees is to provide advice to COORDINARE's Board, and to the organisation's Chief Executive Officer (CEO) on a range of strategic opportunities for targeted engagement and communication with consumers and communities across South Eastern NSW, relating to improving health care accessibility and outcomes for communities in our region.

The Community Advisory Committees provide strategic advice and guidance to COORDINARE's Board and CEO on matters such as:

- Providing considered approaches to determining and responding to health system issues and inefficiencies within local communities, from a consumer perspective;
- Recommending effective approaches to ensure consumer/community consultation and feedback is available and fit-for-purpose throughout the commissioning cycle;
- Identifying approaches to effectively capture, measure, and understand the person's experiences and then apply this information to influence quality and system improvement;
- Considering strategies to assist consumer navigation of the health system through for example, health literacy initiatives, patient self-management approaches, and/or system input for care coordination more broadly;
- Appointment is for a three-year term and the position is remunerated.

Selection Criteria

The successful candidate will possess the following attributes:

- Professional experience in health or health related fields such as aged care, mental health, allied health etc. and can demonstrate their robust understanding of the healthcare landscape;
- Expertise in consumer and community engagement, and advocacy;
- Experience in driving community and consumer engagement practices, including the ability to engage with diverse community networks;
- Strong leadership and facilitation skills are necessary to effectively chair meetings and ensure productive discussions. Additionally the chair will facilitate a clear flow of information between the committees and the Board;
- Experience in strategic planning and policy development is beneficial;
- A deep understanding of local health needs and the ability to align committee discussions with these needs is important. This includes knowledge of the socio-economic profiles and specific health challenges faced by the community;
- The ability to collaborate with various stakeholders, both internal and external to the PHN.
