Learning Objectives

At the end of this session, you will be able to:

- 1) Describe the importance of following a clinical pathway for high quality antenatal shared care management
- 2) Recognize the significance of the first antenatal visit with the GP and recording antenatal visits on the antenatal record card
- 3) Identify referral pathways for shared care patients who deviate from 'the norm'
- 4) Outline the importance of breastfeeding for all new mothers and babies
