

Authorised Nurse Immuniser Training

Expression of Interest | Intake 4, 2026

Good morning

Since 2022, COORDINARE has fully funded more than 317 registered nurses working in General Practice and Residential Aged Care to complete Authorised Nurse Immuniser training.

COORDINARE is pleased to invite eligible registered nurses working in General Practice or Residential Aged Care Homes (RACHs) in the South Eastern NSW PHN region to apply for a fully funded place to become a qualified Authorised Nurse Immuniser in NSW.

Please note: Funding covers the course fee only. It does not include study leave, equipment, time away from work or other employment-related costs.

Training included

Successful applicants will be able to enrol in the [Understanding Vaccines and the National Immunisation Program \(HESA Accredited\)](#) course.

- The course is self-paced and delivered online.
- It includes 4 modules and 2 exams and requires approximately 70 hours of learning.
- **The course must be completed within 20 weeks** from the date the participant commences the course.
- On successful completion, participants may administer vaccinations independently of a medical officer in accordance with the NSW Health Authority.

[View the NSW Health Authority](#)

- COORDINARE will fund 100% of the course fee, valued at \$385.
- The course is accredited by Health Education Services Australia (HESA) and conforms with the National Immunisation Education Framework for Health Professionals.

Participant timeframes and progress monitoring

A funded place is limited and must be actively used. By accepting a place, participants agree to the following requirements:

- **Course access date:** each successful applicant will receive a written course access date. This date starts the 8-week commencement period.
- **Commencement deadline:** participants must log in and commence the course within 4 weeks of the date access is granted.
- **Completion deadline:** participants must complete the course within 20 weeks from their course commencement date.
- **Progress monitoring:** COORDINARE will monitor whether participants have accessed, commenced and completed the training and may contact participants for a progress update.
- **Response required:** participants must respond to reasonable progress-check requests and advise COORDINARE promptly if circumstances may affect completion.
- **Reallocation of funding:** if a participant has not commenced within 4 weeks of receiving access, COORDINARE will assume they no longer wish to participate and may withdraw and reallocate the funded place.

Application dates

Milestone	Date
EOI opens	On publication of Update 4, 2026
Course access issued	Date advised individually to each successful applicant
Course must be commenced	Within 4 weeks of the individual course access date
Course must be completed	Within 20 weeks of the individual course commencement date

Eligibility

- You must be a registered nurse employed by a General Practice or Residential Aged Care Home within the South Eastern NSW PHN region.
- You must not have previously attained qualification as an Authorised Nurse Immuniser in NSW.
- Your application must be supported by your Practice Manager or RACH Manager.
- Applications will be considered on a first-come, first-served basis, subject to eligibility and available funded places.
